Tesla, Inc. warrants that your Inverter will be free from defects for twelve and one-half (12.5) years following its initial installation date.

Tesla, Inc. warrants that your Solar Shutdown Device(s) will be free from defects for twenty-five (25) years following its initial installation date.

The Inverter and Solar Shutdown Device(s) are collectively referred to as the “Tesla Products.”

The Inverter and Solar Shutdown Devices are installed as part of a solar photovoltaic system, which may or may not be manufactured by Tesla, and which is collectively referred to as the “System.” A System may contain one or more Solar Shutdown Devices.

It may be that your System contains only an Inverter and no Solar Shutdown Devices. If so, the applicable provisions of this Limited Warranty will apply to the Inverter. Tesla Solar Shutdown Devices are not intended to be installed without a Tesla Inverter, and therefore this Limited Warranty does not apply to Solar Shutdown Devices installed in a System without such an Inverter.

Remedies

If your Tesla Product fails to comply with the above Limited Warranty, Tesla will, in its sole discretion, either repair your Tesla Product (using new or refurbished parts), replace your Tesla Product with an equivalent product (new or refurbished), or refund you the market price of an equivalent product at the time of the warranty claim. If Tesla chooses to repair or replace your Tesla Product and the work is performed by a Tesla Certified Installer, this Limited Warranty includes reimbursement of reasonable labor costs to the Certified Installer that performs the work in accordance with the Tesla’s standard policies. If your Tesla Product is repaired or replaced under this Limited Warranty, the remainder of the original warranty period will apply to the repaired or replacement product. Under no circumstances will the original warranty period be extended as a result of your Inverter being repaired or replaced.

What Products are Covered?

This Limited Warranty applies to any Tesla Inverter or Solar Shutdown Device that (1) was purchased from Tesla or a Tesla certified installer in the United States of America; (2) has one of

the part numbers referenced above; and (3) is installed in the United States of America. Please contact Tesla if you have any concerns regarding whether you purchased your Inverter or Solar Shutdown Device from a Tesla certified installer.

Who Can Make a Claim?

Limited Warranty claims can be made by or on behalf of the end user who acquired and put the Tesla Product into use for the first time. A subsequent owner of the Tesla Product who provides proof of ownership is also entitled to make Limited Warranty claims.

Agreement to Arbitrate. Please carefully read this provision, which applies to any dispute between you and Tesla, Inc. and its affiliates (together “Tesla”).

If you have a concern or dispute, please send a written notice describing it and your desired resolution to resolutions@tesla.com.

If not resolved within 60 days, you agree that any dispute arising out of or relating to any aspect of the relationship between you and Tesla will not be decided by a judge or jury but instead by a single arbitrator in an arbitration administered by the American Arbitration Association (AAA) under its Consumer Arbitration Rules. This includes claims arising before this Agreement, such as claims related to statements about our products.

We will pay all AAA fees for any arbitration, which will be held in the city or county of your residence. To learn more about the Rules and how to begin an arbitration, you may call any AAA office or go to <http://www.adr.org>.

The arbitrator may only resolve disputes between you and Tesla and may not consolidate claims without the consent of all parties. The arbitrator cannot hear class or representative claims or requests for relief on behalf of others purchasing or leasing Tesla products. In other words, you and Tesla may bring claims against the other only in your or its individual capacity and not as a plaintiff or class member in any class or representative action. If a court or arbitrator decides that any part of this agreement to arbitrate cannot be enforced as to a particular claim for relief or remedy (such as injunctive or declaratory relief), then that claim or remedy (and only that claim or remedy) shall be severed and must be brought in court and any other claims must be arbitrated.

If you prefer, you may instead take an individual dispute to small claims court.

You may opt out of arbitration within 30 days after signing this Agreement by sending a letter to: Tesla, Inc.; P.O. Box 15430; Fremont, CA 94539-7970, stating your name, product, and intent to opt out of the arbitration provision. If you do not opt out, this agreement to arbitrate overrides any different arbitration agreement between us, including any arbitration agreement in a lease or finance contract.
